

Executive KPI Dashboard

The whole business on one screen.

■ **Explore it live** data.vexloft.com/executive

Executives don't want ten reports — they want one, and they want it in under a minute. This board rolls Vantage Group's finance, sales and operations into a single snapshot: revenue against EBITDA month by month, how each division is performing, where the margin is, and which regions are driving it. It's the page you put on the boardroom screen and actually leave up.

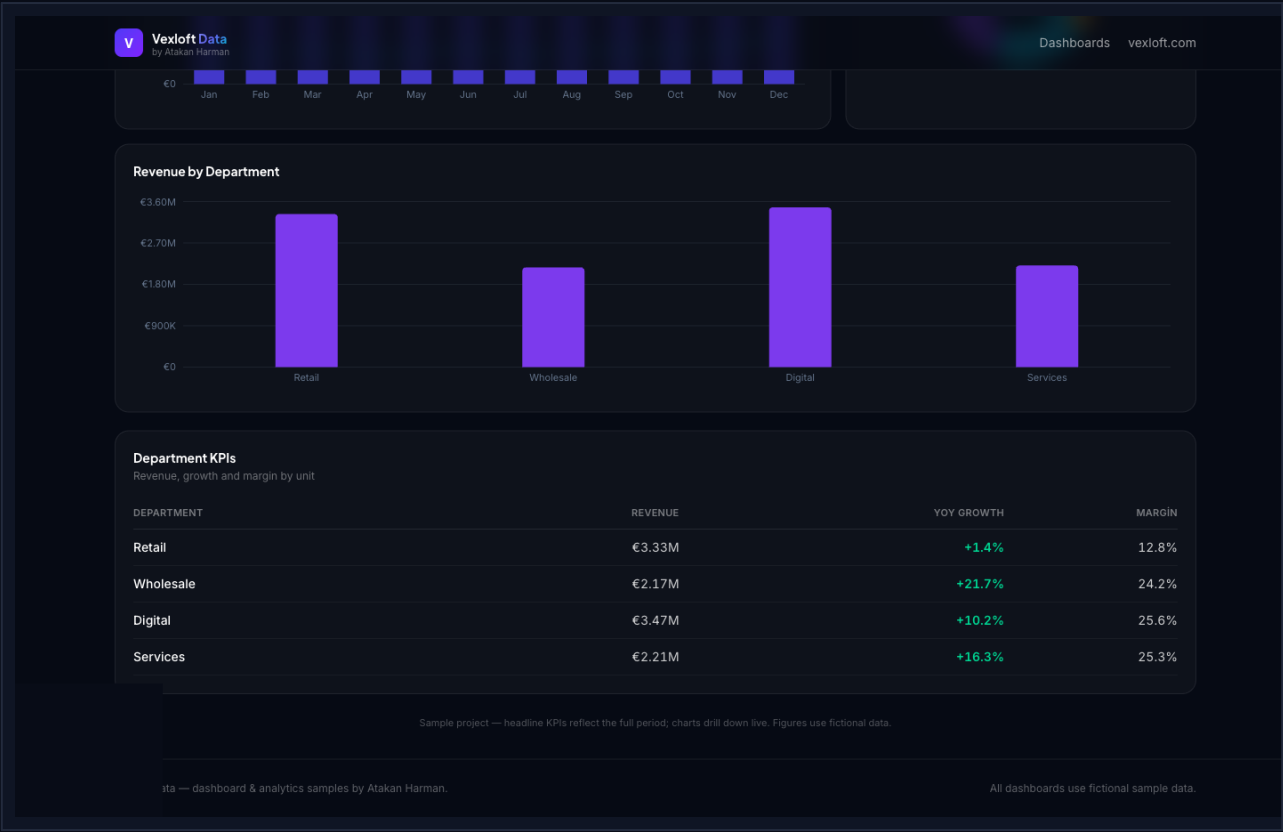

Live interactive dashboard — filter, drill down, then open the real Excel file behind it.
